# A positive digital education for every child

Technology makes a direct impact on children, their families, and their learning environment. For children to learn and grow as digital citizens in our increasingly connected world, we must first lay out the foundations of **online safety, digital literacy, and wellbeing**.

Our collaboration matters

Our group mission is to bring the wider community together and help parents, guardians, and educators to create a positive digital environment as one.

- **15 million children protected**
- **23,000+ schools covered**
- **3 billion threats averted**

Millions of families around the world are supported by our essential protection and the digital tools they need to help children become healthy digital citizens.

Building the foundations together

Qustodio promotes the safety, visibility, and knowledge essential to every child's online journey.

Safety: Enable families and schools to form a **united front against threats**

Visibility: Build a better **understanding of children's habits** and accountability in the digital world

Dialogue: Provide expert advice and opportunities for increased participation, to facilitate open conversation and informed decisions

Digital wellbeing: Help children learn **and grow** with a safe, healthy and balanced approach to technology.

Safety · Visibility · Dialogue · Digital Wellbeing

TEAMWORK MADE EASY
App for Parents & Families

Through our school district's partnership with Linewize, our online safety and wellbeing provider, we are able to extend visibility and safeguarding controls on to parents and guardians so they can track their child's activity and pause the internet on their school issued devices.
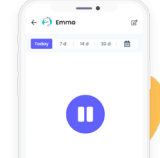

Visibility on student activity and device insights

**Security coverage for in and out-of-school hours**

Expert advice and guidance on digital threats and trends

Pause button to regulate digital activity

Parents and guardians can also extend protection to personal devices with family-focused digital wellbeing features that adapt to different needs as their child grows:

Filter and block feature for content and apps

Location tracking and panic button feature

Visibility on browsing history, social media, and screen time

Calls & messages tracking to monitor suspicious activity

Time limits and screen-free schedules

Tailored reports and alerts for inappropriate content

Works on the following devices:

Windows   Mac   Chromebook   Android   iPhone/iPad   Kindle

Multi-parent access and management available

Qustodio is COPPA compliant and does not share personal data with third parties.

How to get started

1. Scan the QR code or visit qustodio.com/my-school

2. Create your account using the email address your school has on file

3. Get real-time visibility
